The Center for Inclusive Leadership (CIL) is one of the affiliated research centers of the Ritsumeikan Center for Asia Pacific Studies (RCAPS), the organizer of the AP Conference. CIL will pursue and promote academic research, teaching methods and business practices related to inclusive leadership. CIL endeavors to build a long-lasting network for inclusive leadership: one that is willing and able to undertake and face up to future challenges. Further, through implementation of research activities, theories and workshops, the center aims to be a proponent for the concept of inclusion amongst experts and students alike, create solutions to push forth inclusion, and continually strive to achieve diversity.
