Graduation Requirement 4: Fulfill the credit requirements for each subject field

- Of the 124 credits required for graduation, students need to earn 102 credits in specific subject fields (Graduation Requirements 3 and 5-7).
- Although students are required to complete 102 credits in the set subject fields, they can complete the remaining 22 credits (124 credits – 102 credits) in any subject field they are interested in.

Registration Restrictions	<p>Available after completing "Pre-Intermediate English A & B" and before completing "Upper-Intermediate English A & B".</p> <p>The classes are separated by college, so students cannot register for the "Bridge Program" of other colleges.</p> <p>Students who want to take this subject should register for it themselves during Prior Application Period.</p>

Graduation Requirement 6: Complete all APM Required Subjects

APM has established 11 required subjects (22 credits).

If a student registers for any of these subjects early and successfully earns the credits, then APU will not register them for that subject in their 2nd semester.

*Note about "Global Management (Capstone)":

- APU automatically registers students for this subject in their 7th semester. However, students who wish to postpone the time of taking this subject due to job hunting or other reasons can drop it by themselves during course registration periods. If a student drop this subject, APU will register the subject in their 8th semester.

Graduation Requirement 7: Complete at least 2 credits from APM Required Subjects (Mathematics)

APM students must earn credits for at least one of the following subjects to graduate.

5-1. English Language

Students who enter APU on a Japanese basis focus on English language studies in order to improve English ability. With individuals from around the world gathering at APU, the campus is an ideal environment for students to strengthen their English language skills.

17 2017 Curriculum

1. Students who enrolled as new (1st-semester) students between AY 2017 and AY 2022.
2. Students who enrolled as 2nd-year transfer students between AY 2018 and AY 2023.
3. Students who enrolled as 3rd-year transfer students between AY 2019 and AY 2024.

English Language

For Japanese-basis students, the appropriate curriculum and starting level of required English language subjects will be based on the results of the placement test taken at the time of enrollment. The curriculum types include the English Standard Track (24 credits) and the English Advanced Track (12 credits). Note that once curriculum types are set, no changes can be made.

Course Registration

- Required English language subjects are divided into A (4 credit) and B (2 credit) subjects, each graded according to its own evaluation criteria. Only once credits for both subjects have been completed can a student proceed to the next level.
- The university automatically assigns classes for required English language subjects in each track. Although there may be different timetables and teachers for courses at the same level, all classes are assigned by the university and cannot be changed or cancelled.
- The grade level restriction will not apply if a student meets the other requirements to enroll in a language education subject (English).

Requirement to Take the Benchmark Test for Required English Language Subjects

To evaluate the English learning level and progress, Japanese-basis students taking the required English language subjects in the Standard Track are required to undergo several Benchmark Tests at each registered level. The result of the Benchmark Test will make up a portion of student's grade evaluation for the individual level or course.

Benchmark Test

The Benchmark Test is a computer-based test of English language proficiency that is designed to show learner progress in the language over a period of time. It is an integrated-skills test, including Reading, Writing, Speaking, Listening. As well as giving detailed feedback to students on all of these language skills, the Benchmark Test provides students with a Global Scale of English (GSE) score.

Language Study Outside the Classroom

To further improve your language skills, APU offers a wide range of short-term programs during summer and winter holidays, as well as six-month and one-year overseas language training and study abroad programs. Students are also strongly encouraged to take the TOEFL ITP®, TOEIC® Listening and Reading Test and IELTS, which are conducted on campus, as an opportunity to objectively assess their English language skills. We look forward to your active participation and taking these tests!

7-2. Seminar Subjects

Seminar courses are held in small groups. For this reason, students can choose their seminar course from the syllabus and deepen their learning on a topic of their interest. In 4th year seminars, students write a graduation thesis or a graduation project as a culmination of their four years of study. Seminars are not required courses.

In order to take a seminar course, students must: (1) Choose a seminar of their choice, (2) Interview with the instructor of the seminar, and (3) Follow the application procedures and pass the screening process. APU's application procedures and seminar course registration system are complex to allow flexibility in meeting the needs of students at various stages of their studies.

For this reason, it is very important to understand basic information about seminar registration.

17 2017 Curriculum

1. Students who enrolled as new (1st-semester) students between AY 2017 and AY 2022.
2. Students who enrolled as 2nd-year transfer students between AY 2018 and AY 2023.
3. Students who enrolled as 3rd-year transfer students between AY 2019 and AY 2024.

3rd Year Seminars

Any students interested in advancing to graduate study or finding employment in Japan are strongly encouraged to register for a small-group 3rd year seminar. Although the contents of each individual seminar vary greatly, the main aim of all 3rd year seminars is the same: deepen understanding of a specific field through case studies, journal articles and debate, and master the specialized knowledge and skills necessary for writing an undergraduate thesis.

【Grade Evaluation】

Major Seminar I/II: Regular grading (A+, A, B, C, or F)

APM "Major Seminar I&II"

APM In the APM Major Seminar, students study actual cases to learn about corporate behavior and the business environment.

Discussions are held during classes on topics such as accounting and finance, marketing, strategic management and organization, and innovation and economics. To build up their basic knowledge, students will first research a topic designated by the instructor, and then discuss that topic in class. Students later select their own individual topic to research.

4th Year Seminars

4th year seminars form the culmination of students' four years of study at APU. This highly specialized subject allows students to select a topic of interest and conduct focused research over a one-year period.

Students take Research Seminar (2 credits) in the first half of their 4th year. Students who successfully pass this subject are then able to take Undergraduate Thesis (4 credits) the following semester. Only students who pass Research Seminar are able to register for Undergraduate Thesis.

【Grade Evaluation】

Research Seminar: Pass (P) / Fail (F)

Undergraduate Thesis: Regular grading (A+, A, B, C, or F)
