## **1. Research Projects**

### 1-1 What is a Research Project

The Research Project is the written original outcome of the research conducted while studying in the Master's program of the Graduate School of Management (hereinafter referred to as GSM) and the submission and passing the examination of which is required for the acquisition of a Master's degree from GSM.

Research Project options include Master's Thesis, Independent Final Report and Internship-based Case Study, towards which completion every student works with a GSM faculty member assigned as their supervisor.

### 1-2 Language and Length of Research Projects

Research Projects should be presented in English. In principle, the length of a Research Project, excluding the list of references and any appendices, should be as follows:

- Master's Thesis – 10,000 to 15,000 words;
- Independent Final Report – 8,000 to 12,000 words;
- Internship-based Case Study – 8,000 to 12,000 words.

### 1-3 Format of Research Projects

In general, Research Projects must follow the format below:

1. Title Page, 2. Table of Contents (in sufficient detail), 3. Certification Page (indicating the contents of the Research Project as original and/or properly referenced), 4. Acknowledgements (for any support or advice received), 5. Summary, 6. Main Text, 7. Conclusions, 8. List of References, 9. Appendices (supporting material not in the main text)

### 1-4 Submission of Research Projects

Students must submit one soft copy of their Research Project to the Academic Office as stipulated in Appendix 1.

## **2. Submission Requirements for Research Projects**

Before submitting the Research Project, all students should give a presentation at the Work in Progress Seminars and submit a summary of their Research Project within the designated periods and deadlines.

### 2-1 Work in Progress Seminars

All students registered for Management Seminar II should present their research proposal and report on the current progress of their research to their supervisor and at least another faculty

appointed by their supervisor during Quarter 1 of that semester as part of their seminar class. These presentations are referred to as Work in Progress Seminars. Work in Progress Seminars are open to all students and faculty members to attend.

## 2-2 Submission of a Summary of the Research Project

Students in their final semester must submit a summary of their Research Project to the Academic Office as stipulated in Appendix 1. The summary must indicate the type of Research Project that will be submitted for examination and must be approved by the supervisor.

## **3. The Research Projects Committee**

### 3-1 Selection and Term of Appointment

A Research Projects Committee will be established in GSM for the examination of the Research Projects.

The Research Projects Committee will consist of one chairperson and two members nominated by the Dean and appointed by the GSM Faculty Council. The Dean cannot be a member.

The term of appointment is one (1) semester and members can be reappointed.

### 3-2 Duties

The duties of the Research Projects Committee are as follows.

- a) Ensure that a rigorous examination is conducted;
- b) Review the evaluation assessment and examination standards and put forward their conclusion about the examination results to the GSM Faculty Council;
- c) Review the evaluation assessment and examination standards and put forward their conclusion about the re-examination results to the GSM Faculty Council.
- d) Determine whether there is any grounds for plagiarism or other forms of research misconduct.

## **4. Examination of Research Projects**

### 4-1 The Examination Process

The Research Projects Committee shall coordinate the examination process for each Research Project and ensure that it has been conducted in a rigorous way. The Research Projects Committee should ensure that check for plagiarism or other forms of research misconduct has been conducted, should draw the attention of the examiners to any indication of the above and recommend actions to the GSM Faculty Council and the Dean.

### 4-2 Selection of Examiners

Two (2) faculty members are chosen to examine the Research Project appointed by the Dean

on the recommendation of the Research Projects Committee. The supervisor is one of the examiners if available. In order to ensure unbiased examination and balance within the faculty members, examiners other than the supervisor shall be selected in the field of the Research Projects sequentially from the APM/GSM faculty list. If the student's supervisor is a member of the Research Projects Committee, other members of the Research Projects Committee may not be appointed as examiners.

#### 4-3 Examination Standards

Research Projects will be assessed based on a set of criteria specific to each type of Research Project that will be outlined in rubrics. The rubrics will be provided to students at least 12 months before the submission of the Research Project.

#### 4-4 Examiners' Evaluation

The examiners of the Research Projects will submit one of the following evaluations accompanied by an evaluation report to the Research Project Committee by the designated deadline.

- a) Pass: in the case that the Research Project fully fulfills the examination standards.
- b) Revise and Resubmit: in the case that the Research Project does not fully fulfill the examination standards but is expected to do so if corrections or needed revisions can be completed within the time allocated for revision.
- c) Fail: in the case that the Research Project does not fulfill the examination standards.

Examiners may deem it necessary for students to submit additional information or be called in for an interview.

#### 4-5 Examination Results

Examination results will be reviewed by the Research Projects Committee to make their conclusion based on the evaluation assessment and the examination standards. If the examiner is a member of the Research Projects Committee, this member is excluded from the deliberation of the student's case and does not take part when the conclusion on the result is made. The conclusion of the Research Projects Committee will be put forward to the GSM Faculty Council after which it is to be presented to the Dean for a final decision.

The Research Projects Committee may deem it necessary for students to submit additional information or be called in for an interview.

#### 4-6 Discrepancies in the Evaluations

In the event that there is a discrepancy in examiners' evaluations and/or the Research Projects

Committee finds inconsistencies in the assessment, the Research Projects Committee may invite the examiners or the student to their meeting to discuss the case before making a conclusion on the result.

In case of a continuing disagreement, the Research Projects Committee will make a conclusion on the result if it is supported by at least two (2) of the Research Projects Committee members.

#### 4-7 Notifying Students of Examination Results

Students shall receive notification of the examination results and a copy of the examiners' evaluation reports according to the schedule stipulated in Appendix 1. However, an examiner may request that his/her name not be disclosed to the student.

### **5. In case the Examination Results is “b) Revise and Resubmit”**

#### 5-1 Revision of Research Projects

In case that the examination result is “Revise and Resubmit”, the supervisor shall coordinate the revision process unless the Dean and/or the chair of the Research Projects Committee requires another faculty member(s) to coordinate the process or re-examine the revised Research Project.

#### 5-2 Re-submission of Research Projects

Revised Research Projects are to be submitted as stipulated in Appendix 1.

### **6. Re-Examination of Research Projects**

#### 6-1 The Re-Examination Process

The original examiners should re-examine the Research Project upon re-submission if available. Otherwise, the Research Projects Committee can request another qualified faculty member(s) as stipulated in 4-2 to re-examine the Research Project.

#### 6-2 Examiners' Re-Evaluation

The examiners of the Research Projects submit one of the following evaluations accompanied by an evaluation report to the Research Project Committee by the designated deadline.

- a) Pass: in the case that the Research Project fully fulfills the examination standards.
- c) Fail: in the case that the Research Project does not fulfill the examination standards.

Examiners may deem it necessary for students to submit additional information or be called in for an interview.

#### 6-3 Re-Examination Results

Re-examination results will be reviewed by the Research Projects Committee to make their

conclusion based on the evaluation assessment and the examination standards. If the examiner is a member of the Research Projects Committee, this member is excluded from the deliberation of the student's case and does not take part when the conclusion on the result is made. The conclusion of the Research Projects Committee will be put forward to the GSM Faculty Council after which it is to be presented to the Dean for a final decision.

The Research Projects Committee may deem it necessary for students to submit additional information or be called in for an interview.

#### **6-4 Discrepancies in the Re-Evaluation**

In the event that there is a discrepancy in examiners' evaluations and/or the Research Projects Committee finds inconsistencies in the assessment, the Research Projects Committee may invite the examiners or the student to their meeting to discuss the case before making a conclusion on the result.

In case of a continuing disagreement, the Research Projects Committee will make a conclusion on the result if it is supported by at least two (2) of the Research Projects Committee members.

#### **6-5 Notifying Students of Examination Results**

Students shall receive notification of the re-examination results and a copy of the examiners' evaluation reports according to the schedule stipulated in Appendix 1. However, an examiner may request that his/her name not be disclosed to the student.

### **7. Research Misconduct**

In case of suspected or alleged plagiarism or other forms of research misconduct being uncovered during the examination process, the Research Projects Committee determines whether the suspicion / allegations has any grounds. The Research Projects Committee may deem it necessary to conduct interviews with the student or the supervisor to confirm if this is a case of plagiarism or any other form of research misconduct.

The final decision will be made as outlined in 4-5 and 6-3.

### **8. Grade of Management Seminar III**

The Research Projects Committee shall make the final decision on the Research Project. The supervisor shall evaluate the grade for Management Seminar III.

### **9. Appeal Procedures**

A student may appeal the result.

## 9-1 Submission of an Appeal Statement

A student who wishes to appeal must submit an appeal statement using the prescribed form to the Academic Office by 16:30 on the 8th day from the date of the notification of results, including the day the results were notified. The statement must present clear and accurate arguments that may overturn the original result.

## 9-2 Decision to Conduct Appeal Investigation

The Dean will decide whether to conduct an investigation into the appeal. Investigation will be conducted only if the appeal statement provides reasonable evidence to overturn the original result.

## 9-3 Appeals Committee

### 9-3-1 Members of the Appeals Committee

An Appeals Committee shall be formed in case it has been decided to conduct investigation into the appeal.

The Appeals Committee will consist of three (3) faculty members appointed by the Dean. Members of this Committee must not be:

- (1) examiners of the Research Project
- (2) members of the current Research Projects Committee
- (3) the Dean

### 9-3-2 Duties of the Appeals Committee

The Appeals Committee will decide how to conduct the investigation of the appeal and if deemed necessary, may require the student to present further evidence in written or oral form to substantiate the grounds of the appeal. The Appeals Committee will carefully examine all documents related to the appeal during the investigation.

### 9-3-3 Determining the Result of the Investigation

The Appeals Committee will submit to the Dean one of the following results accompanied by an evaluation report.

#### a) Reject the Appeal

In this case, the result originally announced to the student remains unchanged.

#### b) Accept the Appeal

In this case, the result originally announced to the student will be changed to “Pass”.

## 9-4 New Evidence of Misconduct

In the case that new evidence of misconduct is uncovered during the investigation of the appeal,

it will be included in the assessment and reflected in the result of the Appeals Committee.

#### 9-5 Finalizing the Result of the Appeal and Notifying the Student

The Dean will decide the final result of the appeal after procedures 9-2 to 9-4 have been conducted.

The final result of the appeal accompanied by appropriate feedback will be announced to the student by the Dean, barring any unavoidable circumstances, by the day of the Graduation Ceremony of that semester.

### 10. Preservation of Research Projects

All Research Projects that passed the examination will be bound by the University. Bound Research Projects will be forwarded to the University Library, where they will be catalogued for APU Library users. Upon request, Research Projects can be stored in the University's digital library.

Students are allowed to edit and make certain corrections to Research Projects that have passed the examination. Edited and corrected versions must be approved by the supervisor. Only the final version of the Research Project will be preserved.
