2022 イベント・プロジェクト支援制度<B: 選抜プロジェクト型> 選考結果

2022 Event Project Support System < Project B: Selected Projects > Result of the screening

プロジェクト名 Project Name	団体名 Group Name	プロジェクト内容 Project Overview	支援する具体的活動	評価コメント Remarks / Comments from Judges)
Project Gifted	Project Gifted	恵まれない人たちに寄付します。 Project Gifted sets out to raise awareness about the waste and destructive nature of the textile industry, specifically through the rise of fast fashion, and educate people on how to consume	送付 ② 「責任ある消費」について考えるイベントの実施 ①Collect unused clothing from APU students and Beppu residents and donate them to a partnered charity in Zimbabwe. ②Create an event to think about ethical consumption.	目新しい活動ではないが、APUコミュニティーで広く古着の回収し寄付をする活動は初めての試みである。また、別府市の地域市民を巻き込んで行う点も評価ができる。「エシカルな消費」を意識しながら古着の回収を行う、この2つの点が両立するよう企画を遂行して頂きたい。 予算に関してはコロナ禍で郵送料が不安定であるため、想定の予算より上乗せした額を上限とする。 The activities at the center of the project are not necessarily original or new, however, this would be the first time to attempt to collect used clothing from the APU community for donation purposes. Another reason why this project was evaluated highly was because it involves Beppu citizens. We want the group to ensure that the two main goals of raising awareness about ethical consumption while collecting used clothing to donate coexist equally while they conduct their project activity. The subsidy amount approved for the group was more than the amount that they originally applied for because of the unpredictable nature of postal fees as a result of the Covid-19 pandemic.
Ritsumeikan Model United Nations APU 2023	RITMUNC	す。この会議では、参加者は特定の国連委員会に所属する各国の代表としてロールプレイを行い、 与えられた議題について他国と交渉し、決議案を可決することを最終目標として議論します。参加 者にMUNを広め、グローバルな問題に対する意識を高め、パブリック・スピーキング、ディベー	①Hold a Model United Nations conference at APU that includes participants from other universities (15 participants from 3 universities, 50-70 APU students, or more)	大学で学んだ知識を活用し、実践に移せるという点で意義深い活動である。国際関係分野の活動ではあるが、IR専攻・APS学生以外、サークル以外のメンバーにも広く参加者を募り、企画の効果をAPUコミュニティー全体に波及してほしい。そのため、他大学の参加者目標を現状に満足することなく確保することが必須である。予算に関しては、規定外のものは対象外とした。 This project is meaningful from the standpoint that the proposed activities allow students to put their classroom learning into practice. Although the activities fall in the realm of International Relations, the group should aim to involve the larger APU community by attracting a wide range of participants and not only APS students, IR majors, and circle members. Additionally, the group should not be satisfied with their target number of participants from other universities and should aim to expand non-APU participation. With regards to the group's budget, there were some items that were not eligible for Project B funding.
SUPPORT FOR SISTER	SUPPORT FOR SISTER	every single girl in the world has to deal with, why must periods be something that is seldomly	その報告 ②「生理に関わる問題」に対するAPU学生の意識調査	このプロジェクトはよく考えられ、APUコミュニティーを広く支援するものである。生理用品の設置方法、生理の問題に係る啓発企画まで調べており、実行に期待したい。ワークショップ等のテーマをより広くし(性別に関係のないリプロダクティブ・ヘルス、多様な文化における生理への理解など)、予算をそれらにつぎ込んだりすることも考えてほしい。また、プロジェクトB終了後の活動の継続方法についても具体的に検討してほしい。予算に関しては、生理用品の個数に関し精査をし、低コストで個数が多いものに振り替え査定した。SUPPORT FOR SISTER's project is well-thought-out and aims to support the APU community in a widespread and significant way. They thoroughly researched ways to implement this project, from how to make a machine that stores menstrual products, the products that will be stocked, and the activities for raising awareness about menstruation. We wish the group all the best in their implementation of this program. We would suggest the group to add budget for inviting guest speakers for their workshops, and consider broadening the topic for the workshop to sustain its content (e.g., topics related to menstruation, such as reproductive health for both boys and girls, menstruation understood in different cultures). We would also suggest the group to consider finding a sustainable funding source for their project, as they may have to continue providing menstrual pads on campus after the Project B ends. As for the budget, the cost for menstrual products was reduced with the lower cost products wtih more quantity.
